MEMORANDUM FOR: Chief, Management, Planning and  
Resources Review Division

SUBJECT : National Imaging Plan for Satellites

1. The DCI has stated his desire for a National Imaging Plan and provision for one appears in the Milestones of his Objectives for the Intelligence Community for 1975. The Director of NRO and I have signed a memorandum of agreement establishing the outline, procedures, and milestones for such a plan. I understand that you have already agreed to have Major Pence, with MPRRD review, provide a draft of one of the annexes to the NIPS.

2. The National Imaging Plan for Satellites requires projected funding guidelines (1976-1980) for the principal functional divisions of satellite imagery, i.e., Collection, Exploitation and Dissemination. I would like MPRRD also to prepare this input to the NIPS.

3. Please work out the details of outline, presentation, format and scheduling of the input with [redacted] who has overall responsibility for this project.

# INTELLIGENCE COMMUNITY STAFF SUMMARY

INTERNAL COORDINATION			Action Officer: Title and Signature
Officer	Action	Initials	
	Coord		Prin. Deputy for Planning/ICS
	Signature		
			Phone Number
			Subject:  National Imaging Plan for Satellites

## Summary

The DCI has stated his desire for a National Imaging Plan and provision for one appears in the Milestones of his Objectives for the Intelligence Community for 1975. The Director of NRO and D/DCI/IC have signed a memorandum of agreement establishing the outline, procedures and milestones for such a plan.

The purpose of the attached memoranda for C/MPPRD, [redacted] and Chairman/COMIREX are to implement inputs for various portions of the plan.

Briefly, COMIREX is being tasked for inputs related to imagery Requirements and Exploitation, [redacted] for imagery Dissemination, and [redacted] or finding guidelines.

This entire effort is being coordinated by PD/DCI/IC.
